BLACK EXTERIOR LAMINATE –
THE PREMIER CHOICE FOR TODAY'S WINDOWS

HIGH-PERFORMANCE *color technology*

LUXE LOOK OF POWDER-COATED ALUMINUM

BLACK EXTERIOR WINDOW LAMINATE TECHNOLOGY

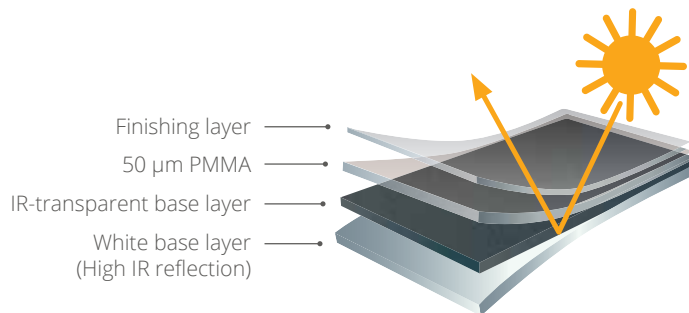

Beautiful and durable, our Black Exterior Laminate is an excellent choice for today's homes. This on-trend window color features a proprietary technology that imparts the high-end look and feel of powder-coated aluminum frames, but in a resilient finish that's jobsite friendly and virtually maintenance-free.

SUPERB PERFORMANCE FOR ENDURING STYLE

- Scratch-resistant and water-repellent for enhanced durability
- Sand-matte texture replicates the rich look of powder-coated aluminum
- Intensively long-term weather tested, ensuring excellent protection against solar radiation

RESILIENT FOUR-LAYER DESIGN

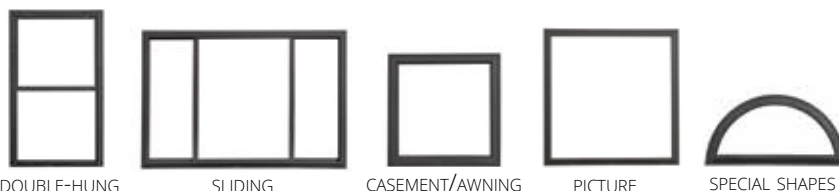

While the bold black finish captures your attention, it's the innovative layered technology that elevates our Black Exterior Laminate beyond ordinary color options. The high-performance color incorporates a proprietary four-layer design, including a white reflective layer on the back to help reduce heat absorption.

THE IDEAL WINDOW SOLUTION

- Laminate surface is thicker and less likely to scratch; allows for robust handling on the jobsite.
- Pre-staged laminate simplifies the manufacturing process while helping to maintain consistent results.
- Striking black finish achieves the premium appearance of powder-coated aluminum frames, but without the worries of potential chipping, corroding or needing to be repainted.
- Carefree upkeep – exactly what today's homeowners are looking for.
- For added peace of mind, Preservation Reserve Windows are backed by a Lifetime Limited, Transferable Warranty; Black Exterior Laminate carries a 10-year limited warranty.*

AVAILABLE IN A VARIETY OF WINDOW STYLES.**
